Elliot,

Below is the table we discussed on our last meet and confer. As we noted at that time, the search terms in green are those which you have already agreed to run hit reports for, the terms in blue are those that we continue to assert need to be run for hits, and the ones in red are those that we are currently not continuing to pursue, but without prejudice to our seeking hit reports on those later in discovery. Also, as noted during our meet and confers, we provide RFPs to which each search term is related (including, at your request, RFPs for the green terms that you had already consented to running a hit report for). As we discussed, the search terms were not drafted using the language of the RFPs, because the exercise of trying to divine what search terms will yield responsive documents is necessarily both narrower and broader than describing the documents to be produced. Additionally, as we discussed, this table should not be used in reviewing documents because even if a document "hits" on a search term for one RFP, but a review shows it is only responsive to another RFP, Defendants are still obligated to produce the document.

Please respond by CoB Tuesday to let us know if you will run the hit reports for the searches below.

Have a happy holiday weekend.

Maya,

Please see attached. On our June 22 call, Plaintiffs represented that they would identify the RFP(s) to which each of your proposed search terms is purportedly tied. When can we expect to receive that?

Thanks,
Elliot

Subject: Re: In re Tether and Bitfinex Crypto Asset Litig., No. 19-CV-09236

Elliot,

During the Parties' June 22, 2022 meet and confer, B/T Defendants represented that they would respond to Plaintiffs' June 3 time period proposal (February 1, 2015 through June 5, 2020, for all discovery, with the exception of all documents relating to B/T Defendants' issuance of USDT, including the recipients of USDT and the amounts issued, and USDT backing, reserves, and collateral, which will be produced through the date of collection) and Plaintiffs' custodian proposal with a counterproposal by Friday, June 24 or earlier this week at the latest. We have not received a counterproposal from B/T Defendants on these two topics.

Based on the representations communicated by B/T Defendants during the June 22 meet and confer, Plaintiffs understand the Parties to be at impasse with respect to disputes concerning: i) the time period for B/T Defendants' discovery production and ii) Plaintiffs' proposed custodians. Please let us know by **COB tomorrow (6/30)** if B/T Defendants disagree with Plaintiffs' understanding of the status of the Parties' negotiations on these disputes.

Thanks,

We will provide a written response to your letter shortly along with two sets of proposed search terms to be run by Plaintiffs and B/T Defendants, respectively.

In the meantime, we'd like to schedule a third meet and confer for the week of May 9-13. Can you propose some dates that work on your end?

Counsel,

Following up on our call on Friday, please see the following webpage on the Tether website: <https://tether.to/en/tether-issuance-primer/>. It explains the processes of authorization, issuance, redemption and destruction, as well as how those stages relate to Tether reserves. As discussed, we hope this clarifies the applicable terminology and allows you to clarify, revise or withdraw certain of Plaintiffs' RFPs.

Thanks,
Elliot
